Education

Public School System

The public school system is a vibrant educational community with active Parent Teacher Organizations, significant community participation, innovative learning programs and parent volunteer opportunities. Its mission is to educate students for lifelong learning with an uncompromising commitment to excellence.

Elementary Education

Public Elementary Schools

Jefferson Elementary and Washington schools provide preschool through sixth grade with its dedicated teaching and support staff. Administration and staff encourage student self-responsibility through the implementation of Respect and Responsibility and Choice Theory programs. An education grounded in the basics—reading, writing, science, mathematics and the arts—is enhanced with skill development in conflict resolution, problem solving and decision-making.

St. Catherine School

St. Catherine School is a state accredited Catholic Christian School for students in kindergarten through sixth grade. Academic offerings include mathematics, reading, science, and computer technology, as well as religious instruction.

Secondary Education

Valley City Junior High

Valley City Junior High is a 7th and 8th grade school dedicated to providing a quality education and integrating technology into the curriculum.

Valley City Senior High

Valley City Senior High School is a 9th through 12th grade school with a staff committed to providing the best education possible. Students excel academically and in a wide variety of co-curricular activities. The school features up-to-date technology with an excellent student to computer ratio. VCSHS and VCSU are partners in VCSU's Jump Start Program for students interested in taking the next step in their education.

The Sheyenne Valley Area Career and Technology Center (SVACTC)

The SVACTC provides innovative, high quality career and technology education programs that maximize the opportunities for students and the community. Programs include instruction on construction careers, business and office technology, health careers, automotive technology, graphic arts, marketing, entrepreneurship, welding technology, Cisco networking and computer technology.
